Subject: Discussion Of Amendments to AB 232 (Aguiar-Curry): Temporary Practice Allowances

Background

At its November 4, 2022 meeting, the Board of Behavioral Sciences (Board) approved statutory language and directed staff to pursue legislation to allow a 30-day temporary practice allowance to qualifying therapists licensed in another state whose client is visiting California, or is in the process of moving here. The bill proposal has been introduced as AB 232 (Aguiar-Curry).

AB 232 (shown in **Attachment B**) does the following:

- Allows a licensee in another state with a current, active, and unrestricted license in a profession equivalent to the Board's marriage and family therapist, clinical social work, or professional clinical counselor professions to obtain a temporary practice allowance to see a travelling or relocating client for a period of 30 consecutive days in a calendar year.
- Requires the client to be located in California, and requires the client to have been the licensee's client immediately before the client travels to California.
- Requires the therapist to inform the client of the limited time frame of the services, provide their license information, and provide the Board's internet website address.
- Prior to providing services, the therapist must provide the Board with specified information about their license, identity, and contact information.

The proposal also includes a sunset date that aligns with the Board's 2026 sunset date, in case any adjustments to the law need to be made after implementation.

Requested Amendment from California Association of Marriage and Family Therapists (CAMFT)

CAMFT has requested a clarifying technical amendment to the language shown in BPC §4980 of the bill. Section 4980 was brought in to the bill due to a suggestion by Legislative Counsel that its content was pertinent to the temporary practice allowance, and needed some technical amendments. Therefore, Legislative Counsel had drafted its proposed clarifications, the Board approved them for inclusion in the bill at its February 3, 2023 meeting, and they were amended into the bill.

However, CAMFT requests additional clarification in 4980(d)(2). They would like that subparagraph to make clear that the use of certain letters associated with LMFT licensure cannot be used by a licensed clinical social worker or a licensed psychologist.

Legislative Counsel has drafted CAMFT's requested amendments, shown in **Attachment A**.

Recommendation

Conduct an open discussion of the proposed changes to BPC §4980 suggested by CAMFT and drafted by Legislative Counsel as shown in **Attachment A**. Direct staff to make any discussed changes and any nonsubstantive changes to the language and amend it into AB 232.

legislative counsel's digest

AB 232, as amended, Aguiar-Curry. Temporary practice allowances.

Existing law, the Licensed Marriage and Family Therapist Act, the Clinical Social Worker Practice Act, and the Licensed Professional Clinical Counselor Act generally govern the provision of marriage and family therapy services, clinical social work services, and professional clinical counseling services, respectively, in the state and prohibit a person from practicing those healing arts without a license granted pursuant to the respective provisions of each act.

This bill, until January 1, 2026, would, under all of the acts described above, authorize a person who holds a license in another jurisdiction of the United States as a marriage and family therapist, clinical social worker, or professional clinical counselor to provide services in the state for a period not to exceed 30 consecutive days in any calendar year if certain conditions are met, including the license from another jurisdiction is at the highest level for independent clinical practice in the jurisdiction in which the license was granted, the client is located in California during the time the person seeks to provide care in

California, and the client is a client of the person and was the person's client immediately before the client became located in California. The bill would require a person who intends to provide services pursuant to those provisions to provide the Board of Behavioral Sciences with certain information before providing services, including the jurisdiction in which the person is licensed, the type of license held, and the license number. *The bill would also make various nonsubstantive and conforming changes.*
